The SQUEAKY DOOR

The Army and Degrees

As World War II progressed, the Army needed more and more specialists. One way to find such a person was to get a look at his complete background and training. A short cut was to look at his degrees. If he wrote M.D. after his name, you knew at once you had a physician or some specialist in the field of medicine. If he wrote D.D.S. after his name you had a dentist. But remember how many more degrees we had in our country.

This fellow wrote Ph. D. after his name. Which does mean Doctor of Philosophy. And he certainly did look like a college professor.

"We put him in charge of our processing division," was the comment of the Colonel in charge.

He was highly efficient. He was given special quarters. And he did spend a lot of money. He was also friendly up to a point. He never talked about himself. One day, just before he left to go back to civilian life, a man who had worked closely with him remarked:

"Ph. D. What was your speciality? Where did you get your degree?"

"What degree?" came back. "I never even went to college. I always put those letters after my name. Mean: Poppa Has Dough. First three letters come out: Ph. D. I am a rich man's son and I wanted everyone to know about it."

Probably the most famous of these tales is about the fellow who wrote: C.P.A. after his name. Which would ordinarily mean: Certified Public Accountant. And he took charge of the bookkeeping division. Only later did they learn he was only a tailor: C.P.A.? -Cleaning, Pressing, and Alteration!

The soldier must have been clearly celebrating a wee bit too much. At that given moment he felt the world was his. And he picked Broadway and thirty fourth street to show he had the right idea. The traffic light facing him was red. He walked slowly towards the oncoming truck. The driver went down on his brake. And missed the man by half an inch. At the same time six cars behind that car came to a dead stop.

Onward he went. Determined to get to the other side of the street. A cab swerved to the left in order not to hit him. A sedan went up on the sidewalk rather than hit the man in the uniform.

There was a sight-seeing bus that shook up every one

of its passengers. The alternative was to throw that man in the air if the bus hit him.

"Look out, you'll be killed," shouted an old woman who was witnessing the entire scene.

"If I only had my motion picture camera with me," sighed a 16 year old boy, "What shots I would have had. They will never believe this one."

The fellow on the bicycle actually jumped off his bike rather than hit this human being. The police officer watched as the soldier made it safely.

"I am going to give you a ticket. And right now," he said.

"There's no law against jay walking in this city," was the reply.

"You get a ticket for doing stunts on a public street without a permit," was the snappy retort. "Read ordinance 235, section d."

The Anti-Missile

What is an Anti-Missile? Don't ask me. Maybe it is a top military secret. I heard it mentioned the other day. But we all know what the anti-missile is. Or do we? General George Midely, U.S.A. Retired, does a column on war and weapons. In addition, he lectures to various groups. I think he has a great sense of humor. With his permission I quote part of an address he gave last month at the Sheridan-Bartley Hotel.

"We start with a missile. Then the enemy steals our secrets and they try to build a better missile. We need something to protect our missiles from the enemy missiles. So our experts invent the anti-missile. That means if the enemy sends missiles to destroy our missiles, then the anti-missile will go after and destroy those missiles. Again, the enemy steals our secrets and they build an anti-missile. So if we send missiles to destroy their missiles, then their anti-missiles will destroy our missiles. What to do next? So our experts invent an anti-anti-missile. To destroy their anti-missile. Again, that confounded enemy of ours, steal our secrets. So they build also an anti-anti-missile. To destroy our anti-anti-missile. This may be a war of the anti-anti-missile. And again our secret is stolen. The enemy builds one also. And they are so proud they invite me to see it in action.

And you know what happened? The anti-anti-anti-missile gets so confused-it destroyed itself! Now they want to talk peace with us.

Doctor develops home treatment that

RINSES AWAY BLACKHEADS HELPS DRY UP ACNE PIMPLES

In 15 Minutes or Your Money Back!

Queen Helene Mint Julep Masque 15 Minute Treatment Must Show Immediate Improvement or — YOUR MONEY BACK!

A New York Doctor, working with a cosmetic laboratory, has developed a simple home-treatment that rinses away blackheads in a matter of minutes. It was demonstrated recently on five teen-age girls and three boys.

The results were breath-taking. Blackheads really rinsed away. In fact, many could be seen on the cloth used to wash off the Masque. But this wasn't all! Acne-pimples improved after one application, enlarged pores reduced, and rough, complexions became cleaner, clearer and smoother looking. These results certainly indicate why teenagers are now saying "this is one product that really works" . . . and why mothers of teen-agers have endorsed its use.

The Masque-Cream Treatment is indeed a remarkable discovery, not only for clear healthy skins, but also for the self-confi-

dence, poise and self-esteem a fine complexion brings to teen-agers!

Anyone Can Use It

If you suffer the agony of teen-age blackheads, nose-pimples and rough unsightly complexions, give yourself this home treatment at our risk. Apply this delightfully Mint-Scented Cream and within 2 or 3 minutes an absorbing agent, called Argilla, dries and turns this cream into a plastic-like masque. You will now feel as though hundreds of "tiny fingers" were softly kneading the skin, loosening pore-caked dirt, blackheads and foreign impurities.

As it firms and hardens, its suction-action draws out waste matter from the pores . . . In 15 minutes you simply rinse the masque away with lukewarm water which dissolves it immediately. When you wipe your face, you can see that blackheads and other pore "filler" actually come off on your towel. And your skin feels clean . . . really clean . . . refreshed, smooth like velvet!

Start Now

Improve Your Complexion

Don't take a back seat or be a wallflower because of bad skin. If you want to get your full share of fun and parties . . . clear up your complexion and let Mint Julep Masque "Lead the Way"! You certainly owe it to yourself to try a single fifteen minute home treatment to convince yourself that this new Queen Helene masque-cream can work wonders for you.

Attention!

MOTHERS of Teen-Agers

Queen Helene Mint Julep Masque is a MUST for you, too! It will help tighten sagging skin on face and throat, relax tired face muscles and stimulate a fresher, clearer, more youthful complexion. Try a medicated Mint Julep Masque Treatment YOURSELF. You'll be delighted with the skin-tightening experience and more alive feeling that comes with every treatment. Queen Helene Mint Masque is only \$3.00 for the six ounce jar, enough for over 3 months of daily home treatments. Buy it today! Start using it immediately! Prove it to yourself at our risk, for one full month. If, at any time during the month, you are not completely satisfied, simply return the unused portion and you will get back every penny of your purchase price.

An Important Message To Every Man And Woman In America Losing His Or Her Hair

If you are troubled by thinning hair, dandruff, itchy scalp, if you fear approaching baldness, read the rest of this statement carefully. It may mean the difference to you between saving your hair and losing the rest of it to eventual baldness.

Baldness is simply a matter of subtraction. When the number of new hairs fail to equal the number of falling hair, you end up minus your head of hair (bald). Why not avoid baldness by preventing unnecessary loss of hair? Why not turn the tide of battle on your head by eliminating needless causes of hair loss and give Nature a chance to grow more hair for you? Many of the country's dermatologists and other foremost hair and scalp specialists believe that seborrhea, a common scalp disorder, causes hair loss. What is seborrhea? It is a bacterial infection of the scalp that can eventually cause permanent damage to the hair follicles. Its visible evidence is "thinning" hair. Its end result is baldness. Its symptoms are dry, itchy scalp, dandruff, oily hair, head scales, and progressive hair loss.

So, if you are beginning to notice that your forehead is getting larger, beginning to notice that there is too much hair on your comb, beginning to be worried about the dry-

ness of your hair, the itchiness of your scalp, the ugly dandruff — these are Nature's Red Flags warning you of impending baldness. Even if you have been losing your hair for some time, don't let seborrhea rob you of the rest of your hair.

HOW COMATE WORKS ON YOUR SCALP

The development of an amazing new hair and scalp medicine called Comate is specifically designed to control seborrhea and stop the hair loss it causes. It offers the opportunity to thousands of men and women losing their hair to bacterial infection to reverse the battle they are now losing on their scalps. By stopping this impediment to normal hair growth, new hairs can grow as Nature intended.

This is how Comate works: (1) It combines in a single scalp treatment the essential corrective factors for normal hair growth. By its rubifacient action it stimulates blood circulation to the scalp, thereby supplying more nutrition to still-alive hair follicles. (2) As a highly effective antiseptic, Comate kills on contact the seborrhea-causing scalp bacteria believed to be a cause of baldness. (3) By its

keratolitic action it dissolves ugly dandruff. By tending to normalize the lubrication of the hair shaft it corrects excessively dry and oily hair. It eliminates head scales and scalp itch.

In short, Comate offers you in a single treatment the best that modern medicine has developed for the preservation of your hair. There is no excuse today except ignorance for any man or woman to neglect seborrhea and pay the penalty of hair loss.

COMATE IS UNCONDITIONALLY GUARANTEED

To you we offer this UNCONDITIONAL GUARANTEE. Treat your scalp to Comate in your own home, following the simple directions. See for yourself in your own mirror how after a few treatments, Comate makes your hair look thicker and alive. How Comate ends your dandruff, stops your scalp itch. How Comate gives your hair a chance to grow. Most men and women report results after the first treatment, some take longer. But we say this to you. If, for any reason, you are not completely satisfied with the improvement in your own case — AT ANY TIME — return the unused portion for a prompt refund. No questions asked.

But don't delay. For the sake of your hair, order Comate today. Nothing — not even Comate — can grow hair from dead follicles. Fill out the coupon now, and take the first step toward a good head of hair again.

Male pattern baldness is the cause of the great majority of cases of baldness and excessive hair loss. In such cases neither the Comate treatment nor any other treatment is effective.

Note To Doctors
Doctors, clinics and hospitals interested in scalp disorders can obtain professional samples and literature on written request.

"I used to comb out a handful of hair at a time. Now I only get 4-5 on my comb. The terrible itching has stopped."
—L. H. M., Los Angeles, Cal.

"My hair has improved. It used to fall out by handfuls. Comate stopped it from falling out."
—D. M. H., Oklahoma City, Okla.

"My hair has quit falling out and getting thin."
—D. W. G., c/o FPO, N. Y.

"My husband has tried many treatments and spent a great deal of money on his scalp. Nothing helped until he started using your formula."
—Mrs. R. Loh, Piquette, Ohio

"Comate is successful in every way you mention. Used it only a few days and can see the big change in my scalp and hair."
—C. E. H., N. Richmond, Wash.

"My hair was thin at the temples, and all over. Now it looks so much thicker. I can tell it."
—Miss C. T., San Angelo, Tex.

"Now my hair looks quite thick."
—F. J. K., Chicago, Ill.

"My hair had been coming out and breaking off for about 21 years and Comate has improved it so much."
—Mrs. J. E., Lisbon, Ga.

"I've used a good many different 'tonics.' But until I tried Comate, I had no results. Now I'm rid of dandruff, and itchy scalp. My hair looks thicker."
—G. E., Alberta, Canada

"Used it twice and my hair has already stopped falling."
—R. H., Corona, Cal.

"No trouble with dandruff since I started using it."
—L. W. W., Galveston, Tex.

"It really has improved my hair in one week, and I know what the result will be in three more. I am so happy over it, I had to write!"
—Mrs. M. J., McComb, Miss.
